**PETITION FOR ENTRY OF CORRECTED APPLICATION DATA SHEET AND FOR ISSUANCE OF  
CORRECTED FILING RECEIPT**

Commissioner for Patents

Alexandria, VA 22313-1450

Dear Sir:

Applicants request entry of the enclosed Supplemental Application Data Sheet containing corrected priority data (showing changes under 37 CFR 1.76 (c)(2) according to the Guidelines for Supplemental ADS Submissions dated April 15, 2003). The change in priority claim is not the addition or removal of a priority application but merely the change of the claim of priority to international application PCT/FR99/01554 as a CIP rather than as a foreign application. This is proper because international application PCT/FR99/01554 designated the United States of America. The Applicants note that the correct priority information was submitted in the earlier filed Declaration and Power Of Attorney.

In accordance with this petition, Applicants further request that a Corrected Filing Receipt be issued reflecting this correction in Domestic Priority as claimed by applicant and in Foreign Applications.

Should the Office believe it to be helpful, the Office is invited to contact the undersigned representative at (312) 913-0001.

Respectfully submitted,

Date: June 18, 2004
